About the College

Shri Shankarlal Sundarbai Shasun Jain College for Women has been recognized as premier institution of higher learning for women. A centre for academic excellence and achievement, it is today one of the finest institutions for Sciences, Humanities and Commerce affiliated to the University of Madras. The College has a rich legacy. Established in 2005, with a generous contribution made by Smt.Sundarbai Shankarlal Charitable Trust, T. Nagar, Chennai of the SHASUN Family and Group, the institution provides a unique opportunity to young women for quality higher education. The College management is committed to creating an atmosphere in which the zest for learning thrives and students are trained not only academically but also to be women of convictions and values. All programmes are student-centred, providing ample opportunities for the development of leadership and self-assurance.

About the Department

The Department of Computer Applications was established in 2006 to explore the world of Computer Languages. It aims to foster academically competent and professionally motivated individuals, equipped with critical thinking skills and a compassionate approach to fostering scientific temper, while promoting a strong sense of social responsibility.

To achieve this, students are exposed to various areas of Computer Science, including the latest developments in the industry.

The Department boasts a team of distinguished, dynamic, young, and dedicated faculty members, each specializing in diverse areas. They provide teaching, guidance, inspiration, and motivation to help students excel in the IT field. The faculty members are committed to understanding the strengths and weaknesses of every student, assisting them in their career-building journey. The department is well equipped with lab facilities, featuring both essential software and hardware, offering hands-on training and preparing students for the corporate world.

The Department maintains an impressive placement record, while providing a balance of extra-curricular and co-curricular activities, including workshops, lectures, seminars, international conferences, and symposia.

Scope of the Conference

The International Conference on “Recent Advances in Computing and Communication” (ICRACC’26) organized by the Department of Computer Applications in collaboration with River’s State University, Nigeria aims to bring together leading academic scientists, researchers and research scholars to share their experiences and research results on all aspects of the recent trends in Computer Science. It also provides a premier inter-disciplinary platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, concerns, challenges, and solutions adopted in the field of Computer Science.

The Objective of this International Conference is to:

- Empower and encourage ‘Young Researchers’ by fostering academic and professional connections.
- Boost confidence and morale in presenting research on an international platform.
- Facilitate interactions with experts in their respective fields.
- Help overcome apprehensions about adjusting to a foreign environment.
- Provide a comprehensive experience of academic tourism.

Expected Outcomes of the Conference

- Young researchers would feel motivated and inspired by the knowledge gained.
- Full paper will be published in the Conference Proceedings with ISBN number.
